To Whom It May Concern,

It is with great pleasure that I write to recommend John Kenneth Austria Pangilinan as a candidate to your venture. As the Founder / CEO of Hello World, I supported him since he was an instructor for the company from May 1, 2019 through April 20, 2021.

He taught many of our programs, including iOS Mobile App Development, Game Engineering, and Data Science & Artificial Intelligence. He was an instructor for our team at Khan Lab School, an affiliate organization of Khan Academy. His involvement with Hello World was as an instructor for several programs in which he taught Web Development in HTML/CSS/JS and Game Engineering in GameMaker Studio.

I believe Kenneth would be a very strong asset to your organization. Please contact me at sabina@helloworldstudio.org if there is anything I can do on his behalf.

Sincerely,

Sabina Bharwani
